School Life

Every year, the Institute holds international activities such as forums, summits, exhibitions and competitions, and employs 612 international professional and industry masters as full-time professors or visiting professors to give lectures and organize master workshops to lead teachers and students to create projects, so as to broaden their international horizons.

The Institute regularly organizes a variety of recreational activities, such as university students' foreign language festival, drama performance, creative market, sports meeting and so on.

The Institute provides one-to-one learning partner programs for international students, aiming to help international students adapt to school life and improve their Chinese level.

6

Entrepreneurship in China Program

Make full use of the high-quality resources (industrial companies, platforms, funds, etc.) of Jilin JAI Cultural Arts Group Co.LTD. to build an entrepreneurial platform, organize entrepreneurial teams with domestic and foreign outstanding talent, refine and promote project development, and build the "strongest brain" of cultural and creative industries for college students in the new era.

Market Resources

JAI Culture Arts Group has six business groups under its jurisdiction. Each business group operates and manages independently, and develops interactively, realizing the organic integration of "art, technology, culture and market".

Professional Resources

612 domestic and foreign high-level guest professors and industry experts in the field of cultural innovation; A library of more than 100 entrepreneurship mentors; 3000 square meters of makerspace and ancillary facilities; Film and television rendering public service platform.

Capital Resources

As an international enterprise group dominated by cultural and creative industry, adhering to the concept of "market-oriented, technology-based, content-based and artistic soul", we plan the joint venture capital of international universities.

7

Changchun Impression

The capital of Jilin Province
